

SYRACUSE UNIVERSITY
Department of Chemistry

Proposal for CHE 450
Introduction to Chemical Research

This form should be completed with input by both the **student** and the **faculty member** in the same sitting. Please remit completed form with student and faculty advisor signatures to April LePage in the Center for Science and Technology (CST) 1-014 for processing. The department chair will sign and the student will be able to register once the proposal has been completed and approved.

Note: Effective fall 2018, CHE 450 will incur a \$100 course fee, regardless of number of credits taken.

Part I

STUDENT: Please supply the following information and then arrange to meet with your faculty advisor to complete and sign Part II of this form.

Name: _____ SUID: _____ Email: _____

College: _____ Major: Chemistry _____ Biochemistry _____ Other _____

Campus Address: _____ Phone: _____

Semester: Fall _____ Spring _____ Summer: Session I _____ Session II _____ Year _____

Number of Credits (1-4): _____ Name of Research Advisor: _____

Part II

FACULTY: Please complete items 1-8. The student must return this form to April LePage for further processing.

1. Title and Objectives of Study or Experience (including previous and related course study):

2. Procedures of Study or Nature of Experience:

3. Nature of Contact with Faculty Sponsor or Supervisor:

4. Criteria for Assessing Student Performance:

5. Is Specialized Safety Training (X-ray radiation, bloodborne pathogens, etc.) beyond that provided by standard EHSS training necessary for this research?

Yes No

6. Are human subjects part of the proposed research?

Yes No

a. If yes, is there an IRB approved protocol in place?

Yes No

7. Will this research be performed on the SU campus?

Yes No

a. If elsewhere, please specify: _____

8. Are animal subjects part of the proposed research?

Yes No

a. If yes, is there an IACUC approved protocol in place?

Yes No

I have read this document and agree to the scope and expectations of the research. I further agree to submit the final product at the end of the semester to the Department of Chemistry (April LePage – amlepage@syr.edu). Examples include: oral presentation slides, manuscript or draft, progress report or similar. These documents will not be publicly distributed, but will be archived by the Department for our records.
